

Communities Owning Their Future

Customised Programs

Want to take your business to the next level? Talk to us about developing a customised program to suit your unique business needs.

Business With Community Lab

Rising energy costs. Online retail. The Australian dollar. Business conditions have never been so complex. Great Place can help your business find opportunities in the midst of this complexity

Description

Build on the findings from the Great Place Business With Community Primer to start generating change ahead of change.

Dig more deeply into the emerging local and global conditions and understand how to keep abreast of them by using the Great Place network.

Use the Great Place approach to identify and plan to build some of the key capabilities your business needs to give your strategy traction.

The Lab is a full day interactive workshop held on-site at your business.

Outcomes

Advanced understanding of GP approach and method.

Further development of your Great Place based strategy to assist your business to achieve its goals and increase market share amongst your competition.

Identification of key capabilities required for your business to generate opportunity.

Initial plans to build key capabilities for your business.
